

Meeting of the Friends of Western Grove Park
February 26, 2019, 6pm
Village Hall

Agenda

1. **Plaques**—Lila Fendrick is overseeing the creation of the plaques. All that is left to be done is for the carver to carve the plaques. This may happen as early as tomorrow. One of her associates will meet the carver at the park to clarify the specifications.
2. **Repair of Fountain**—Linda Komes is checking with the mason on the scheduling of the repair of the fountain. The repair will take approximately two weeks, and it must be done in good weather. Plan is to finish the repair before the fountain is turned back on.
3. **Landscaping**—Linda Komes wants to work on the grass, and to talk to our group about adding artful and functioning birdhouses. Two of three magnolias have been replaced. So far a third suitable specimen has not been identified. May use a different tree? Ginny Leachman says that the park may receive a donation from the Chevy Chase Garden Club for plantings in the park. More later.
4. **Spring Event on Completion of Plaques and Fountain**—looking for a date—May 3 or 4, or 8 or 9?
