

Treasurer's Report

July-June (12 months of FY 2023)

Overall:

This report is a twelve-month snapshot of FY 2023. It is not the final year-end report, that will be available when the annual audit is completed. We received the November income tax distribution in the amount of \$1,615,295. This is slightly more than last year's distribution. We received a historically high January, October and June distributions. Our income tax revenue should come in over our budgeted amount by approximately \$2,376,000. This projects a fiscal year surplus of approximately \$3,400,000.

Income Tax Revenue:

The Village received its fourth quarterly distribution in June of \$609,858, which was much higher than expected. That was our last quarterly distribution of the fiscal year. This should put us above our budgeted amount by approximately 79% or \$2,376,000 for fiscal year 2023.

Property Tax Revenue:

The Village received \$2,676 in June. The Village adopted the constant yield rate for fiscal year 2023 property tax, and we anticipate we will come in slightly over budget for the year.

***SafeSpeed* Net Revenue:**

The *SafeSpeed* revenue for June was \$29,396. That puts us approximately 7.5% under budget for the fiscal year.

Miscellaneous Revenue:

As of now, all other revenue sources are tracking at budget, except interest income which will come in substantially above budget due to rising interest rates.

Capital Expenses:

Our expenses are currently budgeted to be \$914,500 with the three major expenses being the storm water management project, replacement of the security cameras in the Buffer, the Belmont Avenue Extended drainage project and equipment replacements including the phone and recording system at the Village Hall, and a small utility vehicle and leaf vacuum for use by Public Works.

Operating Expenses:

The expenses are forecasted to be 10-12% below budget.
