

March 2022 CCVPD Highlights

Operational

- **SUV stolen with key fob inside; recovered later the same day:** Overnight March 21-22, unknown person(s) stole a 2021 SUV from the driveway of the home in the 100 block of E. Melrose Street. The car’s GPS feature (OnStar) was key to locating the car within hours in DC. Based upon the information provided by OnStar, Village Police requested DC Police to search for the car, and they located the unoccupied vehicle at an apartment building on 16th Street, NW. DC Police recovered the car and found a smart phone at the scene of the recovery. Officer Chung of the Village Police Department is following up with a search warrant for the phone’s data with the goal of identifying a suspect.

- **Catalytic converter theft from a Toyota Prius:** The owner of a Prius discovered that the car’s catalytic converter was stolen while the car was parked on the street in the 100 block of Oxford Street. The theft occurred between March 24 and March 30. This national trend targets the Prius model for the precious metals within the converter.

Administrative

- **New cars have arrived.** On March 24, we received the two new police cars that we ordered last year. They are being equipped at the County’s maintenance facility now and we hope to have them in service in the coming weeks. We plan to sell the two ‘deadlined’ cars at auction to offset the cost of the new cars.

- **Body camera contract executed.** The Village Manager has signed the final negotiated contract with our vendor (Motorola), and the body worn camera system is on order. We will have the system up and running later this year.
