

## Chevy Chase Village Municipal Storm Drain Project Questionnaire

March 12, 2019

### Questionnaire Goal

Gather relevant preliminary information regarding the residents' current drainage issues in order to effectively provide adequate stormwater drainage and flood protection.

### Questionnaire Objectives

- Assess residents' general project knowledge.
- Loosely measure residents' perceptions and concerns.
- Assess willingness to make property/land changes.

### Questionnaire Method

Not a random selection. All surveys will be distributed via direct mail to the 24 households located along West Irving and Hesketh Streets between Magnolia Parkway and Cedar Parkway in Chevy Chase Village.

## COMMUNITY INFORMATION MEETING

In addition to completing this survey, please also join us for a project information and kick-off meeting for residents of the block bordered by Cedar Parkway, Magnolia Parkway, Hesketh Street and West Irving Street

**Thursday, April 4 at 7:00 p.m.**  
**Chevy Chase Village Hall**

*Residents of the above block are STRONGLY encouraged  
to attend to learn about the proposed project.*

RSVP to [ccv@montgomerycountymd.gov](mailto:ccv@montgomerycountymd.gov) or (301) 654-7300

LEGAL COUNSEL  
SUELLEN M. FERGUSON

March 12, 2019

Dear Resident:

On February 11, 2019, the Chevy Chase Village Board decided to initiate planning and design activities to address the drainage issues in the rear yards of the West Irving and Hesketh Street properties between Magnolia Parkway and Cedar Parkway. As a first step of the planning process, we are sending you this questionnaire to understand the specific drainage issues present on your property. In the near future, land surveyors will begin a topographical survey of the area and your responses will also provide information on access and any special accommodations which may need to be made to access your property.

Thank you for in advance for taking the time to help us improve your community by completing the feedback form below. Filling this form out completely lets us know the current conditions at your property as we begin to study drainage improvements in the neighborhood.

This survey will enable board members and project staff to establish a preliminary record of your concerns as they relate to drainage conditions.

Address: \_\_\_\_\_

Name(s): \_\_\_\_\_

Telephone Number(s): \_\_\_\_\_

Email Address(es): \_\_\_\_\_@\_\_\_\_\_@\_\_\_\_\_

How long have you lived at the above address: \_\_\_\_\_

Do you rent or own the property at this mailing address?

- Rent
- Own

How would you describe the drainage conditions within your property?

- No problems
- Problems only during heavy rainfall
- Short-term (<8 hour) ponding of water
- Medium-term (8-24 hours) ponding of water
- Long-term (> 24 hours) ponding of water
- Other: \_\_\_\_\_
