**GETTING TO KNOW THE JURISDICTIONS**

Please note that each municipality has its own set of ordinances and business practices. *Before doing work in any of these communities*, contact the relevant municipal officials for guidance as to permits, office hours and the like. Some of these jurisdictions have full-time town halls and full time staff, others operate with part-time staff.

## Welcome To The Down County Municipal Neighborhoods!

Twelve closely located communities in the down-county area of Montgomery County that make up the Glen Echo, Chevy Chase and Kensington area have prepared this directory to help residents, realtors, businesses, service providers, utilities, state and county agencies and the like find their way around our shared boundaries and zip codes. Formerly known as the *Chevy Chase Redbook* it has been renamed the *Down County Municipal Managers Redbook* to more broadly welcome municipalities outside of the formal Chevy Chase Boundaries. The information provided on each municipality is updated each year to reflect any changes in boundaries or contacts within each area..

### The Communities Included Are:

- Chevy Chase (Town of)**
- Chevy Chase View (Town of)**
- Chevy Chase Village**
- Friendship Heights (Village of)**
- Garrett Park (Town of)**
- Glen Echo (Town of)**
- Kensington (Town of)**
- Martin's Additions (Village of)**
- North Chevy Chase (Village of)**
- Section 3, (Village of Chevy Chase)**
- Section 5, (Village of Chevy Chase)**
- Somerset (Town of)**

The communities listed above are self-governing units—11 are incorporated municipalities and one is a special taxing district. The similarity of municipal function performed to sustain each of these communities bind the towns by virtue of our self-governing status, ordinances, permitting requirements and location.

Early in the history of this area separate special taxing districts were created to assist in the delivery of services to the residents. Each of these districts had a Citizens Committee that helped the County in its delivery of services to that particular neighborhood. In later years these special taxing areas evolved into the government structures that exist in each town today. All of the towns have a relationship with Montgomery County regarding the sharing and delivery of services. All collect tax revenues and control their own streets.

Each community has a page listing the key contact people, a map of its specific boundaries, and a description of its boundaries along with a listing of the streets and street addresses within that community. Appendix A is a composite index of every street listed in this book and the street addresses indexed in alphabetical order to connect streets with jurisdictions. Appendix B notes permitting and regulation requirements unique to the communities.

## **APPENDIX B: Construction and Utility Work in the Down County Municipalities**

*Please check with the local jurisdiction prior to commencing work.* In the case of utility work, prior notice should be given for all non-emergency work to be performed within the specific jurisdiction so that town staff can coordinate with other work within the community. Once a permit is granted, if appropriate, residents must be notified by the utility, particularly in the event of loss of power or water. If cars need to be moved to accommodate repair trucks, coordination with the local jurisdiction is of the utmost importance. Many municipal streets are very narrow, any effort that involves the closing of a roadway must be coordinated in advance so that residents can be informed, public and private school buses and trash collection contractors can be alerted.

*Permits for housing construction,* renovations and repairs are required from both the municipality and Montgomery County in most cases. Notice/permit requests must be made to the appropriate Village or Town Manager (see maps and contact numbers). Any action involving the trees in the town's right-of-way require permits from both the State and the particular municipality. If streets need to be closed to accomplish work, advance notice should be given to residents and proper road closure postings made on the street. Permits to work in the right-of-way are generally issued by the municipality rather than the County because the right of way is in the public trust of the towns, not the county. Construction bonds are also required by many of the towns to assure that any damage to the public areas are restored.

*The best source of individual municipal ordinances* can be found on each jurisdiction's website or by calling the respective municipal office. The websites are repeated here:
